

# CP シリーズ

## カバー・プレート

欧米で使われているリモート機器、スイッチ、に対応するカバー・プレートです。音響設備だけでなく、照明、映像分野でも多く使われています。

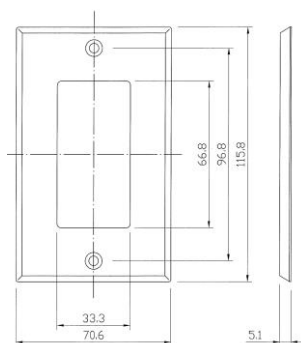

日本の【コスモス・シリーズ】アウトレットボックスに機器の収納はできますが、開口部が日本規格ではないカバー・プレートの入手に困難を生じました。

RDL ではこれらの機器を 1 個(CP-1)、2 個(CP-2)、3 個(CP-3)、4 個(CP-4)取り付けることができるカバー・プレートを用意しています。

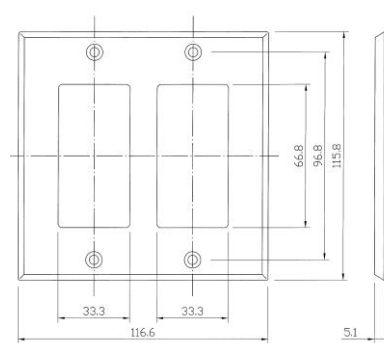

仕上げも《シルバー》、《灰色》、《黒色》、《白色》の 4 種類を用意しています。

各製品のキヤド図面を用意しています。

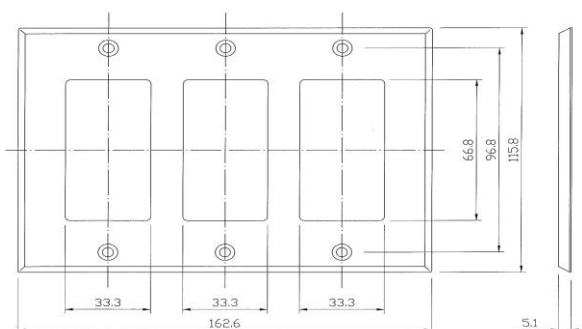

収納器具、取り付け器具については次ページの資料を参照ください。個別資料を用意しております。

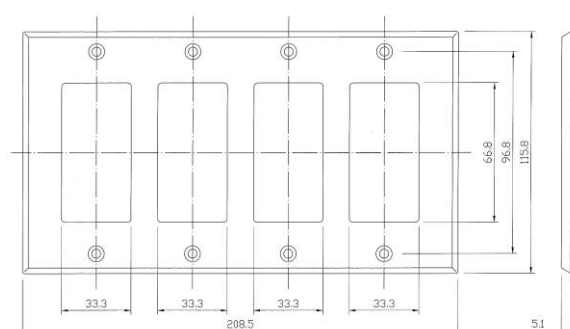

CP-1

CP-2

CP-3

CP-4

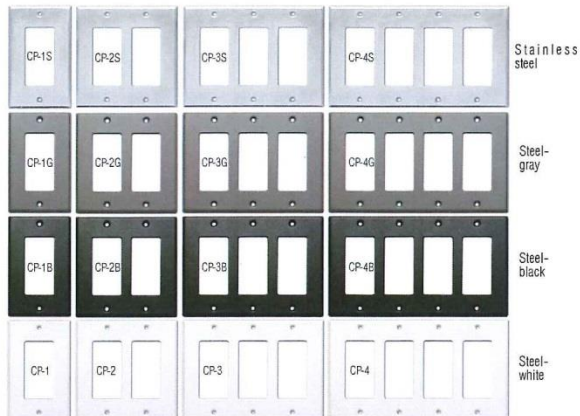

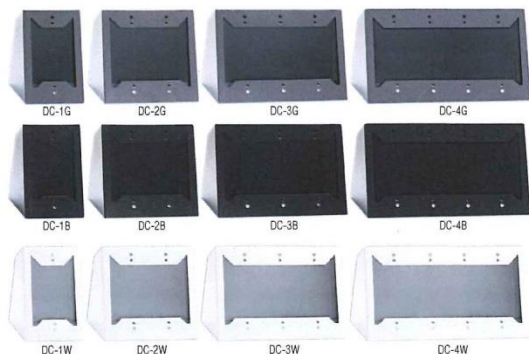

アシュリーの neWR-5 リモート・コントロールをコスモス・シリーズのボックスに組み込んで RDL の CP-1 カバー・プレートを取り付けます

## General Mounting Accessories

**CP-1, CP-2, CP-3 & CP-4**
**Cover Plates**

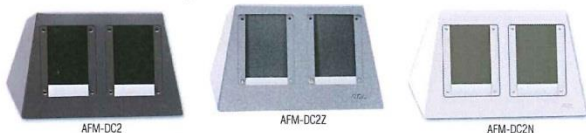

For use with RDL SMB-1, SMB-2, SMB-3, SMB-4, DC-1, DC-2, DC-3, DC-4, WB-1U and WB-2U.

**DC-1, DC-2, DC-3, DC-4**
**Tabletop Boxes for Decora® Remote Controls and Panels**

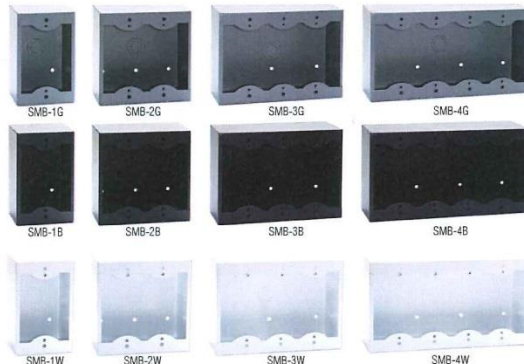

The DC-1, 2, 3 and 4 desktop chassis hold one, two, three or four Decora®-style products, including RDL remote controls and connector plates. Installation is facilitated using the included mounting plate, which allows the chassis to mount to a tabletop or on a vertical surface such as a cabinet or wall. The plate is secured in position, then the chassis slides into a locked position where it is secured with screws. Model numbers with a suffix "W" are white, with a suffix "B" are black; with a suffix "G" are gray to complement RDL stainless steel remote controls and plates. All DC- boxes are constructed from welded steel with a high quality powder coated finish.

**AFM-DC1 APPFLEX™ Mounting Accessories**
**APPFLEX Desktop Chassis**

The AFM-DC1/N mounts an APPFLEX product to a countertop or desk. The front panel is angled for comfortable operation of the APPFLEX module. The bottom of the chassis screws to the tabletop. A large opening in the bottom provides for wiring. This attractive chassis is offered in standard ULTRASTYLE colors to match professional decor. The AFM-DC1Z is finished in a granite color.

**AFM-DC2**
**APPFLEX Desktop Chassis**

The AFM-DC2/N mounts two APPFLEX products to a countertop or desk. The front panel is angled for comfortable operation of the APPFLEX modules. The bottom of the chassis screws to the tabletop. A large opening in the bottom provides for wiring. This attractive chassis is offered in the ULTRASTYLE™ standard colors to match professional decor. The AFM-DC2Z is finished in a granite color.

**SMB-1, SMB-2, SMB-3, SMB-4**
**Surface Mount Boxes for Decora® Controls and Panels**

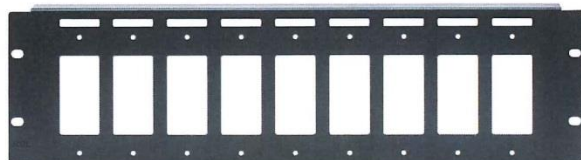

The SMB-1, 2, 3 and 4 surface mount boxes hold one, two, three or four Decora®-style products, including RDL remote controls and connector plates. Knockouts are provided for fastening standard metric or North American conduits to the rear of the box and to either the upper or lower surface, depending on the orientation of the box when it is mounted. The sides and top or bottom of the box maintain a smooth surface for a finished appearance superior to that of a standard electrical box. Model numbers with a suffix "W" are white, with a suffix "B" are black; with a suffix "G" are gray to complement RDL stainless steel remote controls and plates. All SMB- boxes are constructed from welded steel with a high quality powder coated finish.

**RM-D3**
**Rack Mount for 3 Decora® Modules**

The RM-D3 is a 1 RU rack panel that allows the mounting of 3 Decora products, such as RDL® remote controls and D-Series connector plates. The installer can label each installed module behind an included protection lens. (Height: .25 inch 6.3 mm, Length: 1.3 inch 3.3 cm)

**RM-DFF1**
**Decora® Filler Panel**

The RM-DFF1 is a filler panel for unused cutouts in Decora style rack chassis such as the RM-D3 or the RM-D9. The RM-DFF1 is constructed of steel with a black powdercoat finish to match the appearance of the rack chassis.

**RM-D9**
**Rack Mount for 9 Decora® Modules**

The RM-D9 is a 3 RU rack panel that allows the mounting of 9 Decora products, such as RDL remote controls and D-Series connector plates. The installer can label each installed module behind an included protection lens. (Height: .25 inch 6.3 mm, Length: 1.3 inch 3.3 cm)

Label and protective lens detail.

**AFM-A1, AFM-FP1**
**APPFLEX Adapter Plate**
**Filler Panel**

The AFM-A1 is an Ultrastyle plate that adapts an APPFLEX module to an RDL WB-1U Universal Wall Mounting Box (or to a single-gang US electrical box). The AFM-A1 features the standard two color ULTRASTYLE design; the AFM-A1N is supplied in the ULTRASTYLE neutral color.
